

The Seminar will launch our new Hazardous Substance Labelling Software 'Label Enterprise' and feature four presentations relevant to all companies handling Hazardous Substances and provide you with a unique opportunity to see first hand the production processes involved in label manufacture.

PRESENTATIONS

We are privileged to have two guest speakers, both experts in their respective fields:

Sergeant *Malcolm Davies*, Hazmat Officer and DGSA for Cleveland Police as well as ACPO representative for England and Wales.

Desmond Waight (amongst other things a DGSA) Director of DanGoods Training and Consultancy Ltd. and one of the founding members of the Chemical Hazards and Communications Society (CHCS)

Both speakers will be available on a one-to-one basis to enable delegates to discuss any of their own issues.
